

The LULZ
of others

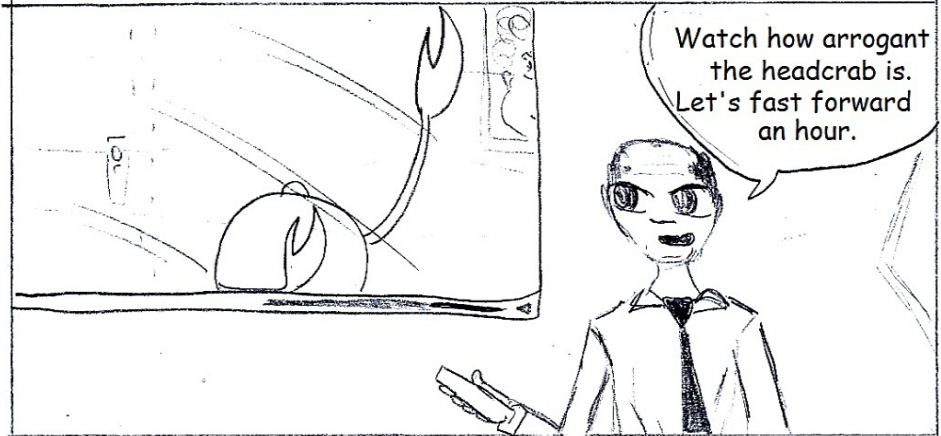

And
Then
a Cat
Came...

Get in here!

I won't tell you anything! Headcrabs never surrender!

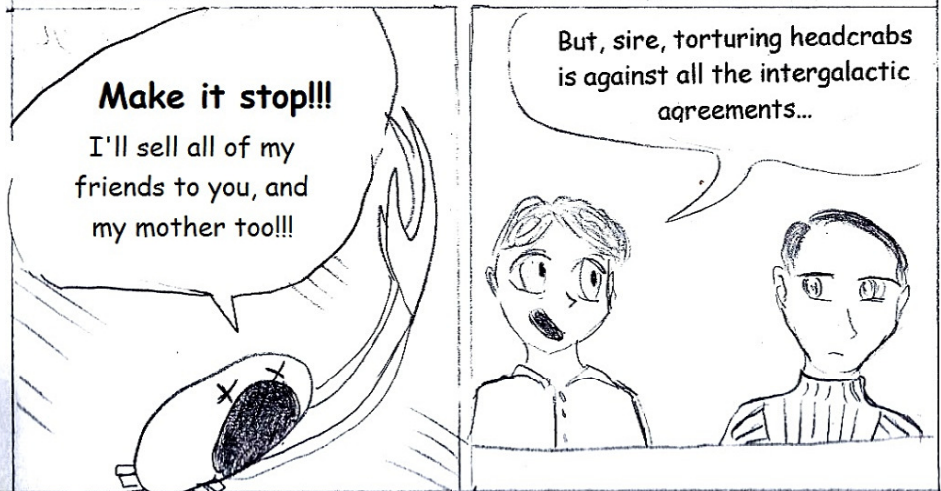

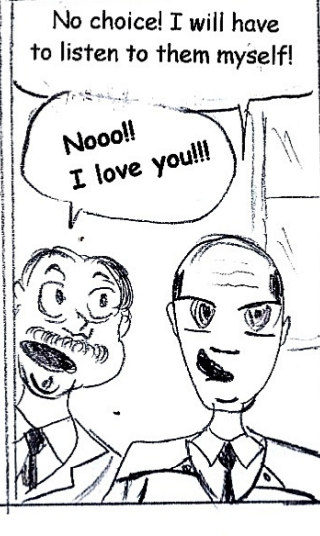

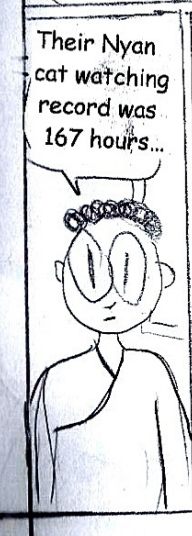

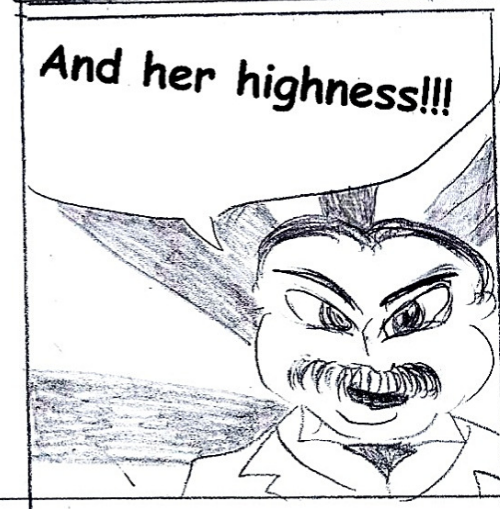

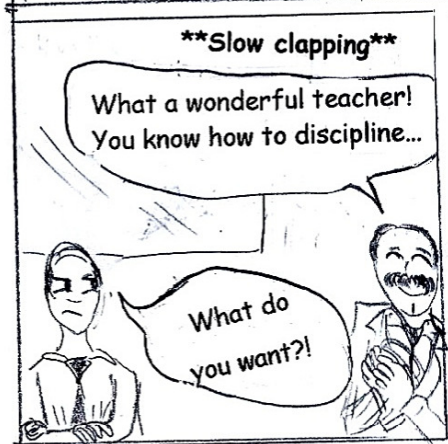

Watch how arrogant the headcrab is. Let's fast forward an hour.

Make it stop!!!

I'll sell all of my friends to you, and my mother too!!!

But, sire, torturing headcrabs is against all the intergalactic agreements...

Meanwhile I made it!

Xenu's ingenious plan of hacking the prison files and leaking the unjust reasons for the arrests was successful!
But it took weeks...

Wonderful news! Because of you people know the truth about the jailing system; you're making the world better, with your own hands!

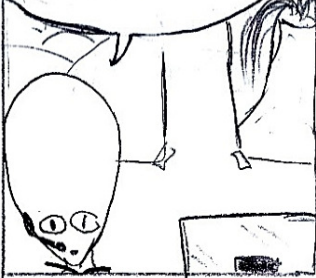

When can I come back?

Come back? But I'm planning a movie about the corruption in the health system. I need you to hack all the files of 8000 hospitals, talk to you later. Positive energies!

know revolutions take some work it Xenu makes me work too hard maybe I will call my friends to tell them I'm alive...

Can't talk. Very busy!

Yo, dude!

Head crabs stand!

Sit! Turn over! Rickroll!

Not talking to me? What's going on here?

The asshole called!

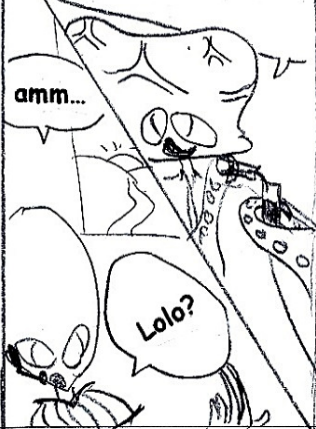

Remember he's just using women for his own purpose! And then you can forget about him! Let's fly to free moar prisoners!

Yeah! Who needs him? I've got a girlfriend!

the solution is within reach!

amm...

Lolo?

I'll find the cure for aging!

For Xenu!

Hello?

Lola! The only sane one! I'm not talking to you anymore! You only used me!

You have to talk to me!

Positive energies... I do nothing with energies until I see what Xenu is up to!

You will find out, and I will find out too and Grizelolda will give me a PROMOTION!

Nya?

I am busy! I don't have time for cats!

No, I don't want a cake! Go away!

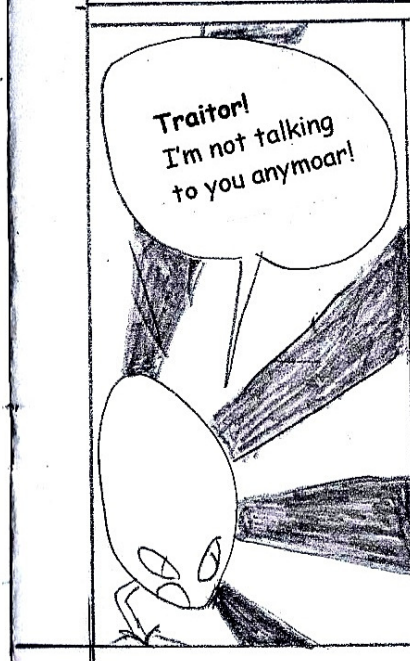

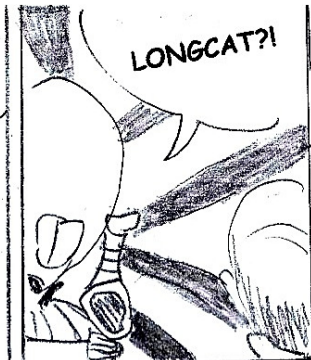

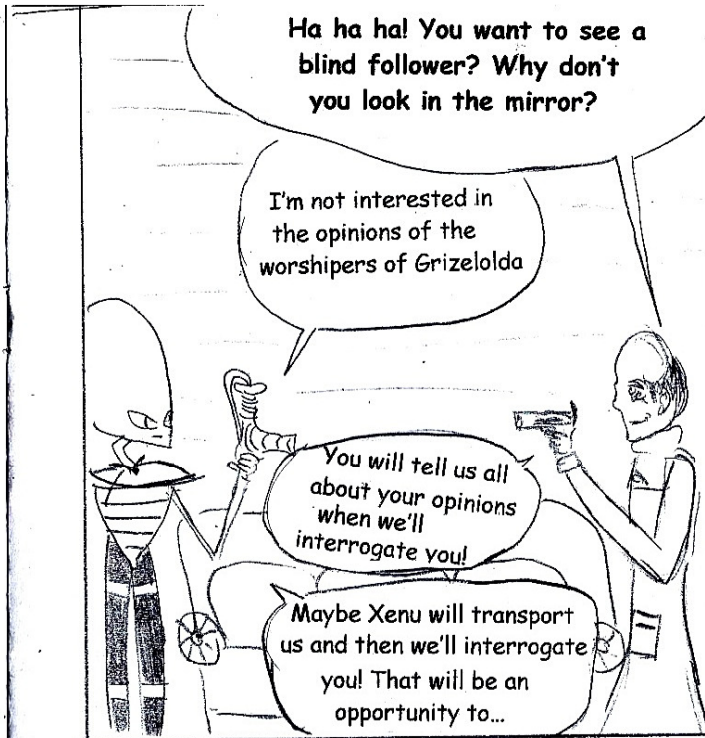

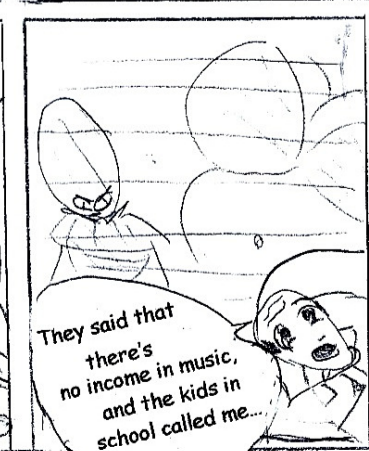

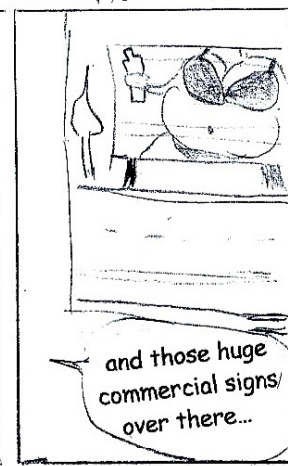

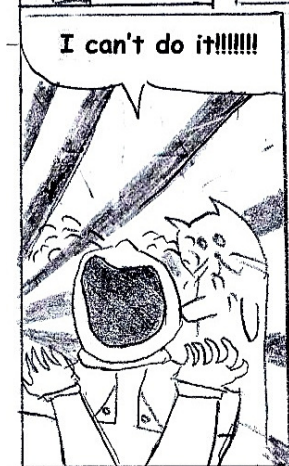

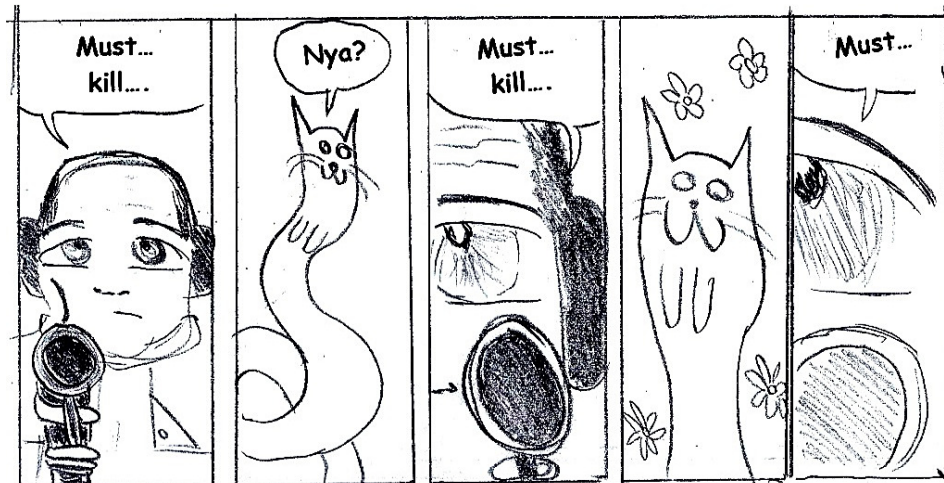

Nya?

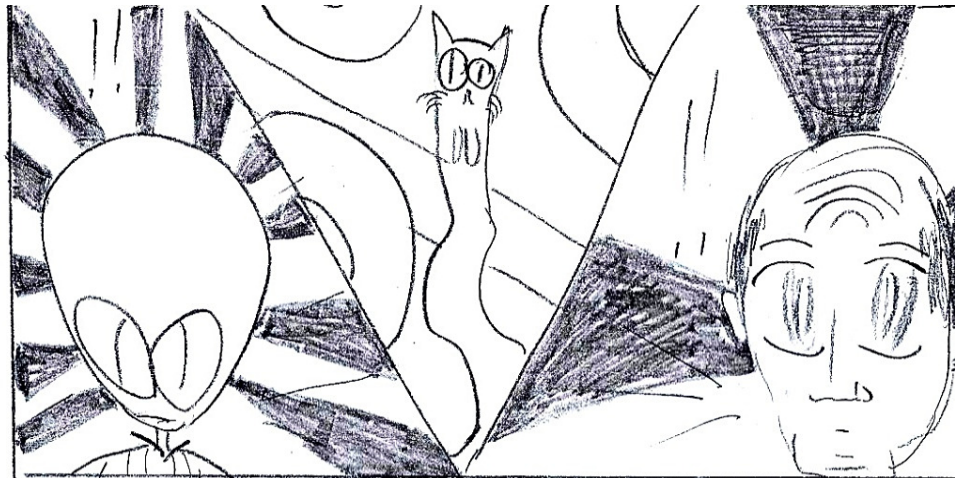

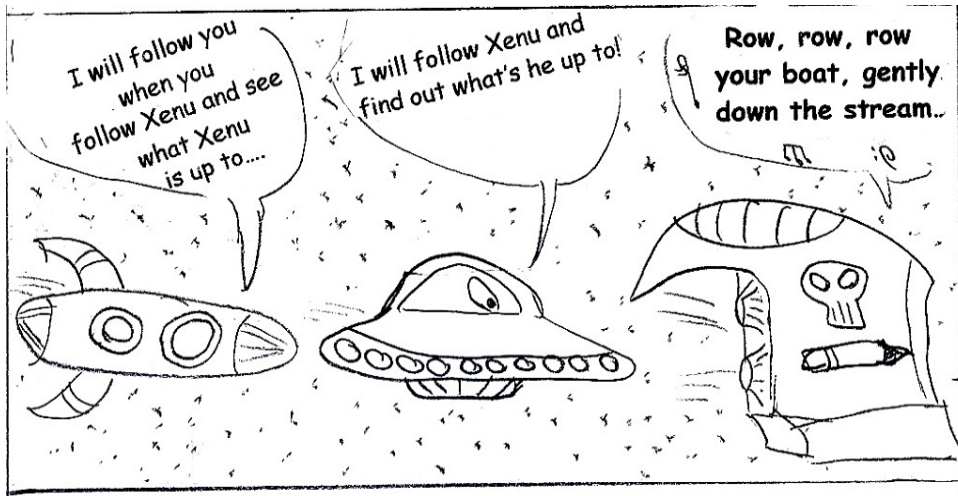

Wait a minute, that's Longcat! He'll tell them everything!

I must kill him!

ello master. Everything is working according to plan. I'm turning Lola against olzi and I'm saying that he used her.

Lolo turned into a mad scientist, Locolo is on top of the world because he has an important position, Lola is thinking they used her...

Good job! Keep going and wait for orders!

Yes master.

we only need to get rid of Lulzy

gotta go!

Everything is in order! All of them living in an illusion that there's a revolution against you. We'll neutralize anyone that can be a real danger!

Soon we could start the next phase and create inner struggles in the protest movement. Let them get their energies out...

We rule the world and no one can stop us!!!

ha ha ha!

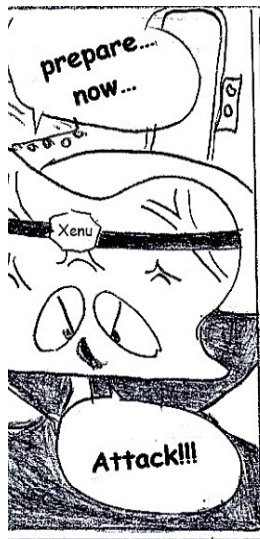

My love!!!!

Hallo... Darling!

Oh! The depths of corruption! I'm so disillusioned from what I thought about the government!

It's hope less! We don't have a chance if Xenu and Grizelolda, are working together!

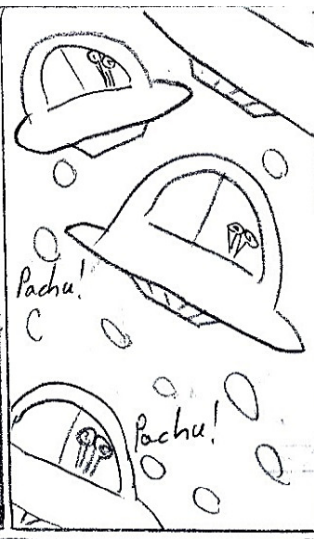

Lulz fighters give up so easily?

prepare... now...

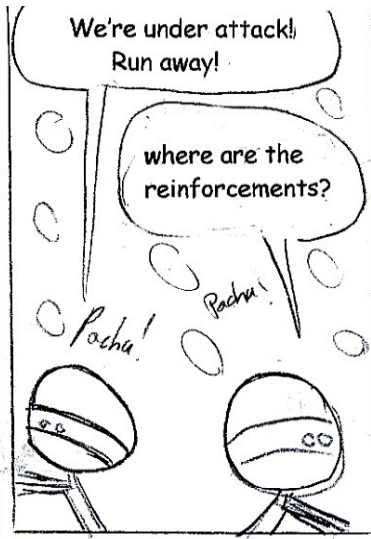

Xenu

Attack!!!

Pacha!

Pacha!

We're under attack!
Run away!

where are the reinforcements?

Pacha!

Pacha!

Beethoven 9th!

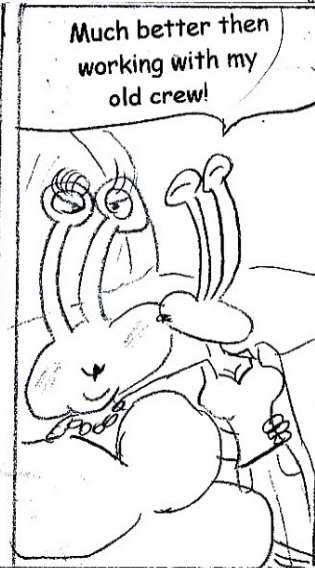

The prisoners of Grizelolda!
You're free!

Hooray!

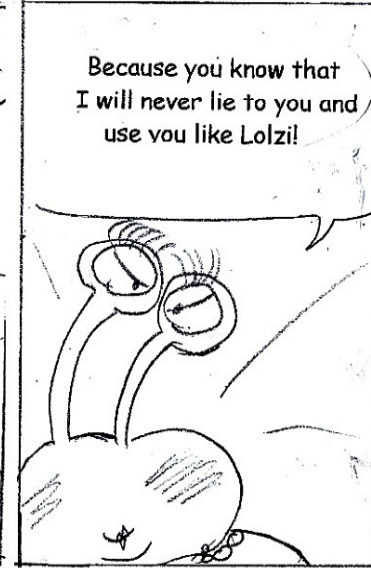

Hahahall

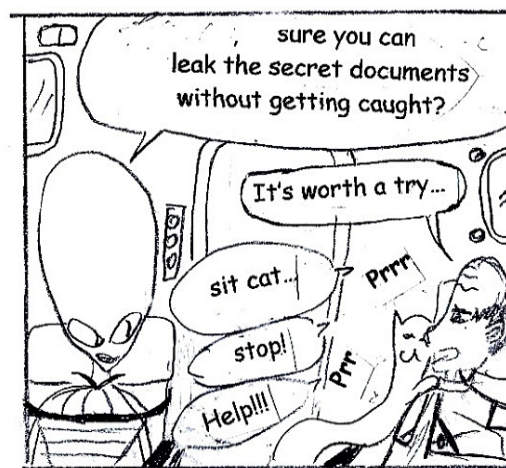

They don't know they being freed into a worse jail!

Much better then working with my old crew!

Because you know that I will never lie to you and use you like Lolzi!

sure you can leak the secret documents without getting caught?

It's worth a try...

sit cat...

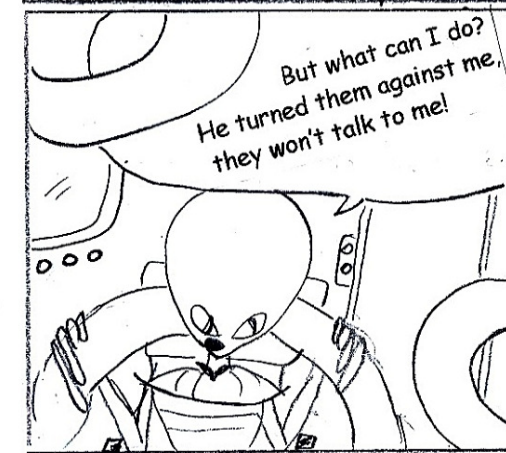

stop!

Help!!!

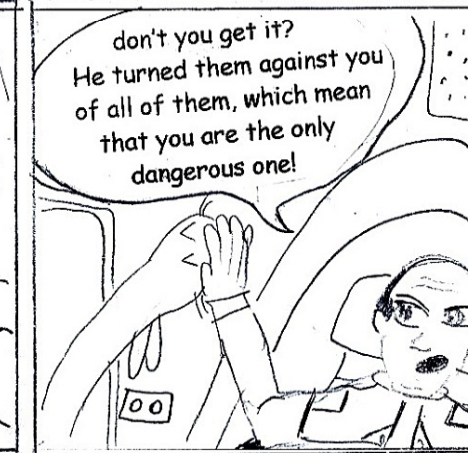

And you have to get the rest of the team...

can you do something about that cat?!

But what can I do? He turned them against me, they won't talk to me!

don't you get it? He turned them against you of all of them, which mean that you are the only dangerous one!

prepare for transport and watch out, if they'll catch you they put you in to time freeze room and make you listen to Nyan cat

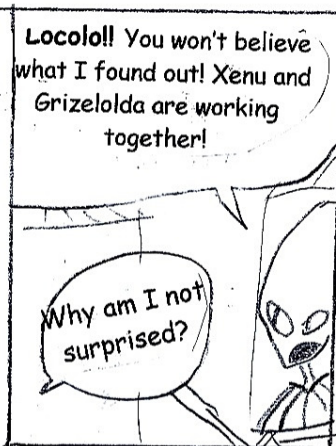

Don't cry he'll be back...

Nya...

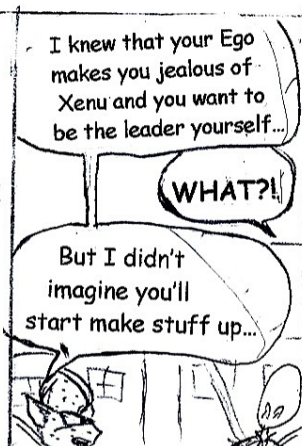

How many times have we talked about it? This is not the winning dance training...

Locolol! You won't believe what I found out! Xenu and Grizelolda are working together!

Why am I not surprised?

I knew that your Ego makes you jealous of Xenu and you want to be the leader yourself...

WHAT?!

But I didn't imagine you'll start make stuff up...

You were angry about Grizelolda because you were overworked, but what are you doing now?

And the poor crabs! Are they here by choice?

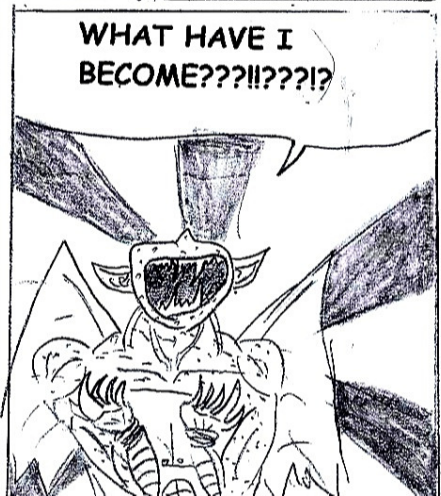

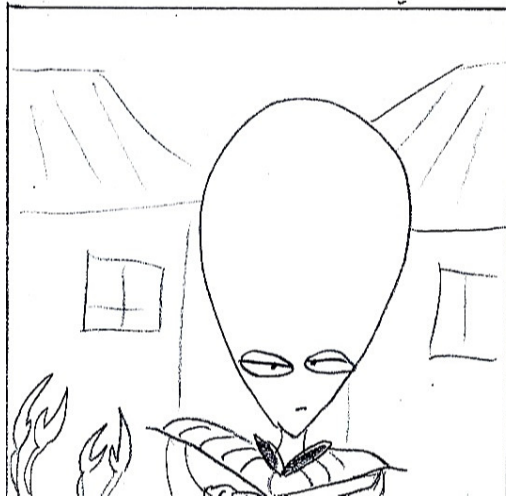

You didn't care for the well being of the crabs when they fought for YOU!

You were feeding them by hand

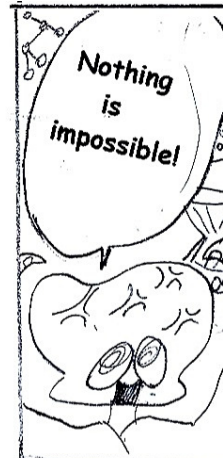

and reading them to sleep every night. Where are they sleeping now?

umm... in a big pile... in the crab factory...

WHAT HAVE I BECOME????!????!?

Nothing is impossible!

umm... Lolo?

I will find the cure for aging!

Lolol

Ha ha ha

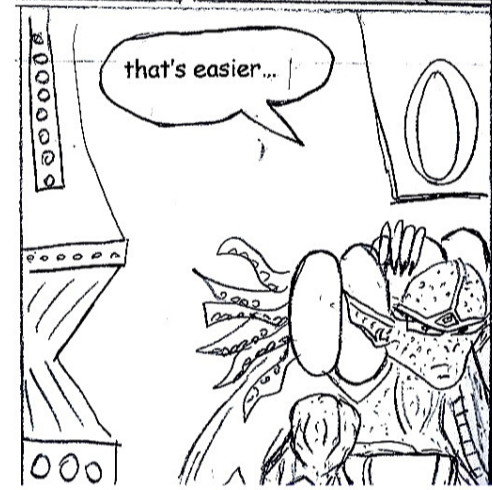

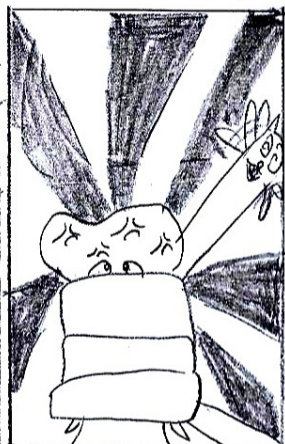

LOLO!!!

Ha ha!

I had enough!

that's easier...

Lolzi did WHAT?!

Oh dear... I don't envy you...

Oh no! Now we need to talk to Lola!

Why me? Why don't YOU talk to her?

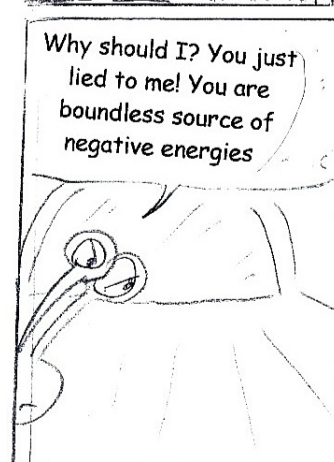

She's not mad at you!

Do not want! You talk to her!

You traitor! Xenu told me everything!

You have to listen to me! Xenu and Grizelolda are working together!

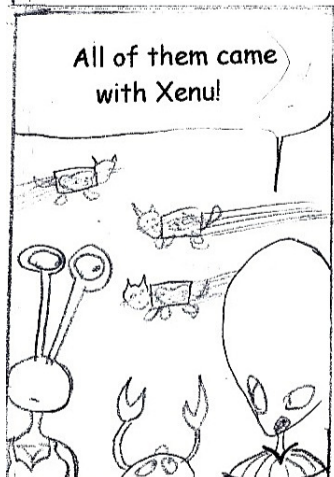

Why should I? You just lied to me! You are boundless source of negative energies

Since we freed Xenu we didn't stop talking about negative and positive energies...

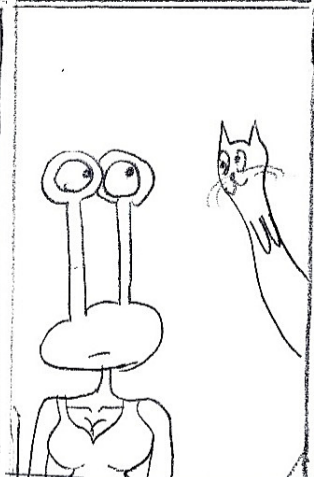

But did we ever have negative energies in the team?

All of them came with Xenu!

The Lola I knew used to believe my suspicions...

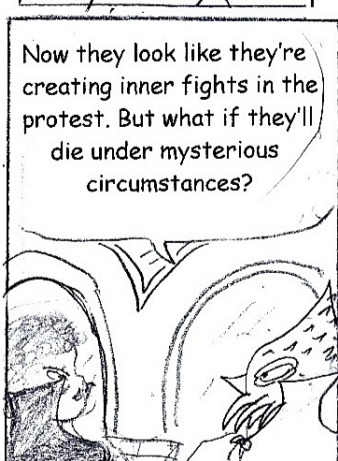

Turns out that the Lulz team had turned against me, ironic considering all the effort they invested in releasing me...

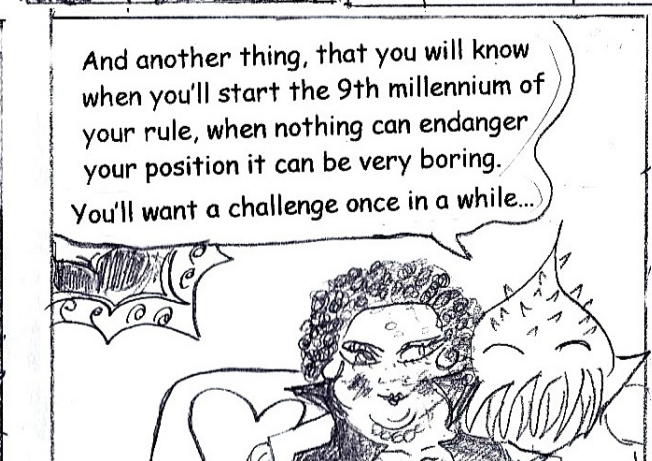

We'll destroy them!

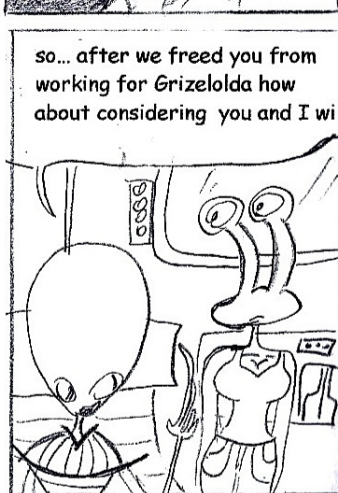

Destroy them! My Love, that's a bad idea!

Now they look like they're creating inner fights in the protest. But what if they'll die under mysterious circumstances?

And another thing, that you will know when you'll start the 9th millennium of your rule, when nothing can endanger your position it can be very boring. You'll want a challenge once in a while...

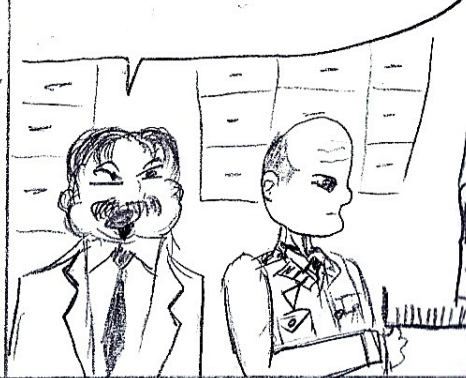

so... after we freed you from working for Grizelolda how about considering you and I will...

FORGET ABOUT IT!!!!!!!

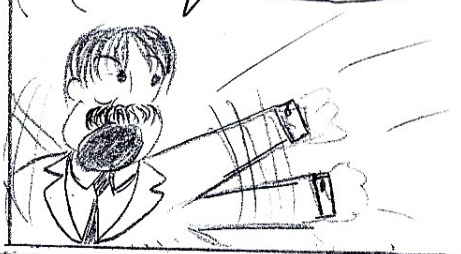

Don't think I don't know what you're doing! You think you can fool me?!

You'll have to sort letters in the basement for the next 800-900 years and think about what you did!

everybody to the nuclear shelter! Take only the most embarrassing files!!

Don't be so hysterical...

Pachu!!!

Sire! We're under attack!

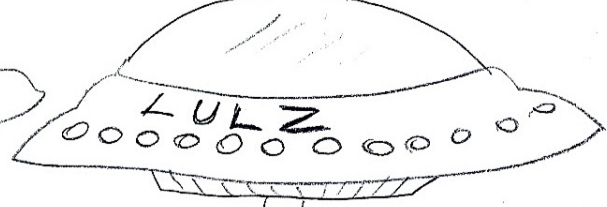

The weapons system has been sabotaged!

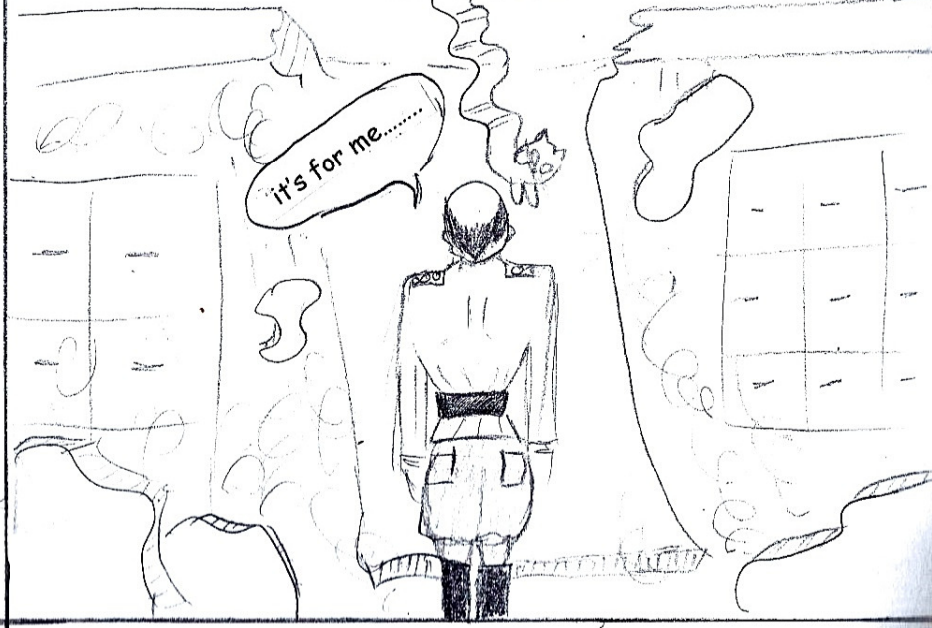

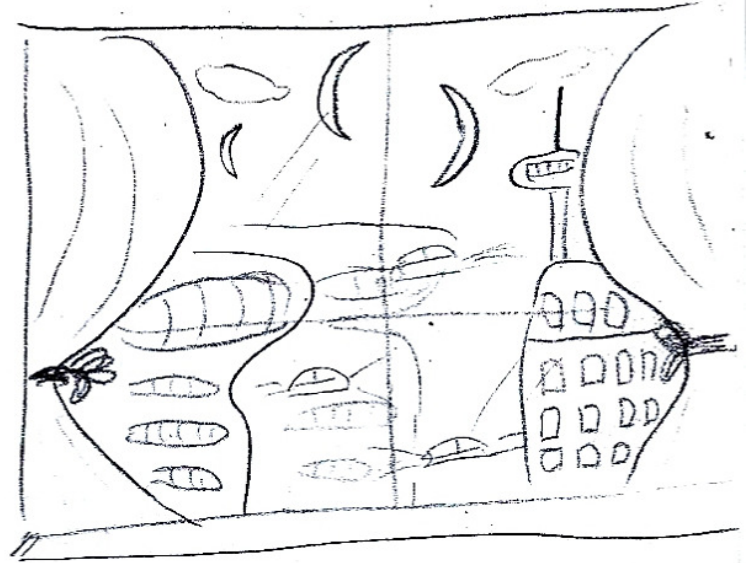

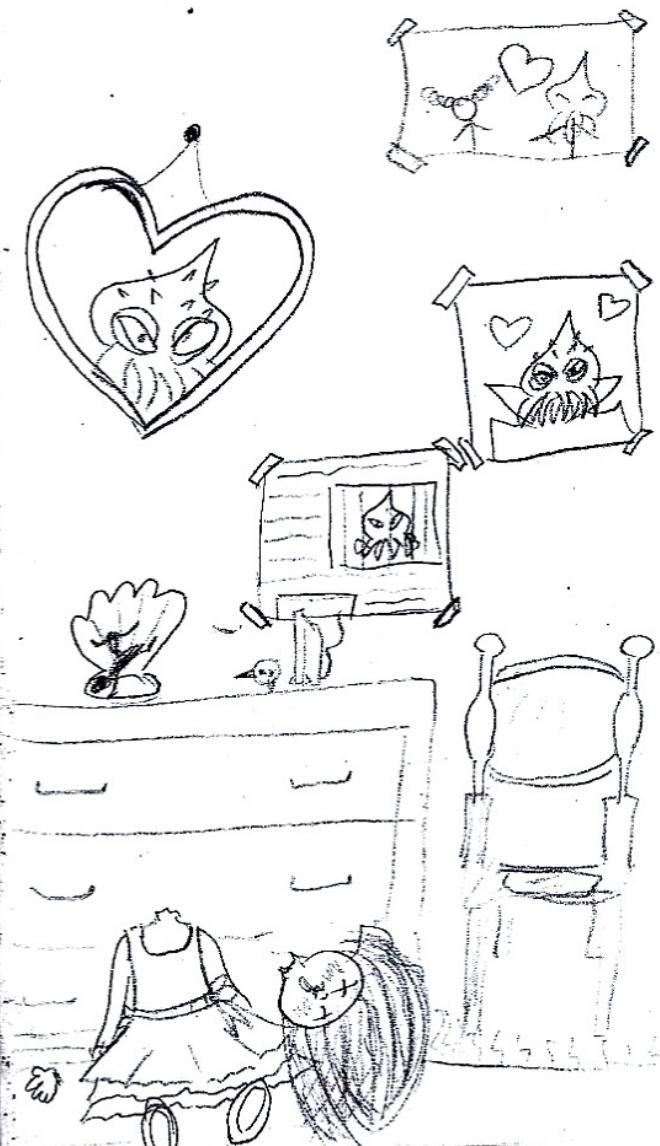

They disabled our tractor beam!

Transporters are offline!!

it's for me.....

Dear Xenu...
